## IN EDUCATION LIFE SUCCESS OF FUTURE

Farmers Can Accomplish Little Without it.

### OFFICERS ELECTED.

At Last Night's Session Farmers' Union Memorialized Legislature to Push With Continued Vigor Educational Progress in State—Determined Stand Taken Looking Toward Establishment of Agricultural Schools and Having Elementary Agriculture Taught in Rural Schools—The Farmers Enthusiastic.

That the farmers of North Carolina have realized that to be successful education along agricultural lines is necessary and that they are determined that in the future every boy shall be given an opportunity to learn something about agriculture just as he learns to write, figure and parse was evident at last night's session of the North Carolina Farmers' Educational and Co-operative Union.

The time was when farmers thought that when a boy learned to plow a straight or curving furrow, as was necessary, weed corn, hoe tobacco and pick cotton, he was a full fledged graduate and amply fitted for the duties of farm life. Now they realize that the soil must be prepared to suit different crops, the seed must be selected with care and the soil must be tilled to suit the several crops and kinds of land tillied, if one would obtain satisfactory results from his labors and still have his land in a better condition for the succeeding year.

No other agency has so aroused the farmers to the necessity for education as has the Farmers' Union and if the plans now proposed are carried out it will be only a short while before North Carolina will take the lead as an agricultural state.

The farmers also realize that domestic science must be understood by the women as well as the scientific methods by the men. So they would have the girls educated along this line. In fact the two go hand in hand.

At last night's session of the union educational committee, composed of Messrs. H. G. Egerton, of Franklin; R. L. Little, of Pitt, and P. E. Shaw, of Duplin, submitted their report. In the report they discussed the necessity of educating the boys of the farm along agricultural lines and recommended that the legislature be asked to make an appropriation for the maintenance of agricultural schools to be operated in connection with the county High Schools, the counties to make a like appropriation.

The methods taught here would be along the same lines as is taught in the A. & M. College. There would also be a department for the girls in which domestic science would be taught. These schools would be feeders for the state institutions. The committee also recommended the teaching of elementary agriculture in all rural schools. The work of the past was reviewed and the union congratulated upon the success in advancing the work thus far. The committee stated that in nearly every section of the state the proposition was being heartily endorsed. The following meeting was unanimously adopted after talks by Dr. D. H. Hill, president of the A. & M. College; Dr. J. I. Foust, president of the Normal College; J. C. Kennett, P. E. Shaw, R. L. Little and H. D. Egerton:

"The North Carolina Farmers' Educational and Co-operative Union, now numbering 35,000 farmers, in its session at Greensboro, December 14, 1910, respectfully memorializes the General Assembly to push with continued vigor the educational progress of our state. To accomplish the much-desired end of educating all our people and properly training them for the duties of life, we earnestly urge:

"First—That the appropriations for our public schools be made as liberal as possible and that the present State law requiring the teaching of the elementary principles of agriculture in these schools be properly enforced.

"Second—That provision be made in our school system for thorough training in agriculture and home economics in the high schools of such counties as are preparation in these important sub-

jects.

"Third—That in order to supply trained leaders in all the State's varied activities and to provide well-equipped teachers for our schools, the General Assembly of the State make ample provision for the growth, enlargement and better equipment of our higher educational institutions."

This committee has held a number of conferences with State Superintendent J. Y. Joyner, President Hill, of the A. & M. and President Foust, of the Normal, during the year and the educational men are heartily in favor of the proposed plan. The committee with their assistance is now at work preparing a bill which the legislature will be asked to pass. The memorial, which explains the nature of the bill, will be attached before the bill is sent to the lawmakers of the state.

The annual report of President Alexander, which was read yesterday afternoon, dealt principally with the educational features of the organization. He reviewed the work done along all lines and recommended that the union continue with renewed zeal the efforts to procure better educational facilities and the arousing of the farmers to the necessity of agricultural education, scientific farming, better methods of buying such things as cannot be raised on the farm and of disposing of farm products. He also recommended the establishing of county warehouses at which the county unions could store articles purchased in bulk and get them as needed. Dr. Alexander says that there are two elements in farming that are essential to success. One is to continually improve the soil and the other is to make a living while the soil is being improved. Unless one does this he can never be a success. He advocates the raising of everything, as near as possible, on the farm that is needed in the way of supplies, feed, etc.

The report of the secretary-treasurer was about as printed in The Telegram some days ago, excepting the finances are in better condition. The reports of other officers were read yesterday afternoon.

#### The New Officers.

At last night's session officers for the ensuing year were elected as follows:

President, H. Q. Alexander, Mecklenburg.

Vice president, J. M. Templeton, Wake.

Secretary-treasurer, E. C. Faires, King's Mountain.

State organizer-lecturer, J. Z. Green.

Executive committee—A. C. Shuford, Catawba, chairman; P. P. W. Pivler, Union; W. H. Moore, Pitt; I. M. Cogins, Chatham; Dr. J. H. Smith, Surry.

#### The First Session.

The first session was held in the main auditorium of the State Normal College yesterday morning at 10 o'clock, President Alexander presiding. Rev. Melton Clark offered prayer, following which Dr. J. I. Foust welcomed the farmers to the institution. He assured them that they were at home for it was through the efforts of the farmers that the institution was founded. Dr. D. H. Hill, of the A. & M. College, made the response, referring to the fact that it was through the efforts of the farmers that the institution of which he was at the head was established. President Alexander spoke of the pleasure of the organization in being able to meet at the college and of having the presidents of two great institutions present.

Mr. J. D. Hoover then made a stirring talk in which he recounted the pace at which the agricultural development in the state had gone forward in the past few years.

Major Chas. D. McIver was then called upon and as she arose every farmer arose with one accord as a tribute to the woman who had labored with the founder of the great institution. She spoke most interestingly of the early life of the college, recounting some of the struggles met in establishing the work. She emphasized the great need of more dormitory room, fully 300 girls having been turned away this year.

#### Today's Sessions.

The farmers will meet at the college this morning at 9:30 o'clock to hear reports from the committees appointed yesterday. It is hoped that all reports will be in by the afternoon session as many of the farmers are anxious to return home on the afternoon trains. There are about four hundred of the most representative farmers of the state in attendance. They are making the McAdoo hotel headquarters.

## CLUB MEMBERS CAN BUY BEER

### And Store it Away in Lockers.

Supreme Court Holds That It Is All Right to Dispense It by Coupon System—Dissenting Opinions by Chief Justice Clark and Associate Justice Hoke—Prohibitionists Are Dumbfounded.

Raleigh, Dec. 14.—The Supreme court in the case of State vs. Colonial Club, Mecklenburg county, through the controlling opinion of the court by Justice Manning, reverses the conviction and a \$500 fine in the lower court for selling beer and holds there is no violation of the State Prohibition Law in clubs being the medium for the purchase of beer in quantities for its members, receiving beer for members, storing it indiscriminately and dispensing it on coupon books held by members to amount of beer each has in storage. The court holds this to be no more a sale than that of grain warehouses receiving grain and returning quality and quantity, but not identical wheat.

On the other hand Chief Justice Clark and Associate Justice Hoke dissenting opinion and hold that Judge Long in the lower court was right in imposing a \$500 fine and that club system amounts to a co-operative bar room, the sales being clearly constituted in a club's method of ordering and distributing beer.

Some prohibitionists here are exasperated at the ruling of the majority of the court and contend it amounts to a nullification of the prohibition law, in that it makes it possible for the establishment of co-operative bars throughout the State, so that it means another fight over the whiskey question in the approaching legislature.

#### DOCK BROWER, ESQ.

Met On Ashe Street by Officer McCuskin and Conducted to the Municipal Inn.

Dock Brower, colored, of Warneville, is in the city, a guest of the municipal inn. He was met shortly after his arrival yesterday evening near the office of Pitts & Monroe, by Officer McCuskin, and conducted to the hotel.

It was the purpose of Brower to engage in general wholesale and retail junk business here, he having laid in an enormous and most unattractive assortment of boiler plate, antiquated steam heating apparatus, babbitt metal, etc., but having been suddenly seized by a fatal malediction affecting his liberty under the laws of the state, it is thought that this, together with the disheartening effect of the removal of his fungus superfluity previous to incarceration, will propitious to further his proposed enterprise.

**More About The Toy Pistol Accident.**  
In justice to Hagan's China Store it should be said in connection with the toy pistol accident of day before yesterday that the pistol was not a part of the stock of the store. Mr. Hagan doesn't handle pistols of the kind that figured in this accident. Two delivery boys were examining a pistol procured somewhere else when the accident occurred, and one of them, Jennings Troxler, was burned about the face. The pistol belonged to the other boy.

#### Major Stedman In Washington.

Major Chas. M. Stedman is in Washington, in answer to a call from Congressman Page, chairman of the North Carolina delegation, to be present at a caucus of the members of the next House, which was held last night.

Don't forget to put a Red Cross seal on your Christmas package. They are one cent each. Get them at any store selling fancy goods. Every time you use one you help in the war that is being waged on Consumption.

Turkeys for Christmas, alive or dressed. We are now ready to take your order and deliver any day up to Christmas. Proximity Mercantile Company. Phone 232. 3t

It is important that Greensboro shall make a good showing, as compared with other North Carolina cities, in the number of Red Cross seals sold here during the holidays.

## RED LETTER DAY AT POULTRY SHOW

### Hundreds Viewed Exhibits Yesterday.

Many Farmers Inspected the Various Breeds of Fowls—The Judges Unable To Complete Work Last Night—Today All Rural School Children Will Be Admitted Free—The Final Day.

Yesterday was "red letter" day at the Poultry show. It was chronicled that it would be "Normal Day," but President Foust was forced to send regret on behalf of the young ladies because of their inability to be present. This was due to the fact that mid-term examinations are on, and every moment must be spent either in the study room or on recitation.

But it was nevertheless a great day. There were many members of the Farmers' Union present, and mamas and papas, nurses and little children all crowded the hallways to view the prize-winners. It is estimated that nearly a thousand people attended the show during the day. Next year larger and more commodious quarters will have to be procured, for the exhibition has gone far beyond the most sanguine expectations of all interested in the enterprise. About fifteen counties are represented, and the show has already been visited by people from almost every section of the state. It bids fair to become one of the great annual events of Piedmont North Carolina.

Late last night the judges were still closed in an endeavor to get the lists completed, but news was sent forth about midnight that the birds were so unusually fine in all sections that it was next to impossible to finish the work of awarding the prizes before today.

Today is school day, and all children from rural schools bearing tickets signed by their teachers will be admitted free. Also, all members of the Guilford County farmers' union will be admitted without charge, upon application to the secretary of their local, who has been amply supplied with tickets for all members wishing to visit the great show.

Today is the closing day of the show and every citizen of the city, who has not done so, should call and see the birds. The room, 229 South Elm, is conveniently located and shoppers will be well repaid for a visit to the show.

#### Six Marriage Licenses.

Yesterday half a dozen couples secured license from the office of the register of deeds. From now until Christmas there will be an average of three a day.

## NEW DORMITORY AT G. F. COLLEGE

Trustees Call For Plans For Handsome Structure To Cost Twenty Five Thousand Dollars—As Soon As Plans Are Decided on the Work of Raising Money Will Be Commenced and It Is Hoped to Have Building Completed by Fall.

At a meeting of the board of trustees of Greensboro Female College on Tuesday evening it was decided to call for plans for a new dormitory, the building to cost \$25,000. As soon as the plans are decided upon and the trustees can show the people just what will be the work of raising the funds necessary to erect the building will be commenced. It is hoped to have the building ready for occupancy by the beginning of the fall term.

The dormitory will be separate from the present building. It will contain 36 rooms, accommodating 72 students. This year more than that number of girls were turned away from the institution because of lack of dormitory space and the trustees feel that they will have no trouble in securing the funds needed. This matter was discussed by the directors at their last meeting and the trustees were empowered to have plans submitted. The plans will be decided upon at a meeting of the building committee to be held on January 10.

#### SUPERIOR COURT ENDS.

All Jail Cases Disposed of Yesterday—Grand Jury Makes Report.

The regular term of Guilford Criminal court came to an end yesterday afternoon, all the jail cases having been disposed of as were all bond cases ready for trial. The grand jury filed its report with the clerk in the afternoon and were discharged.

A number of cases were disposed of yesterday, but none of consequence. H. M. Chamberlain was fined \$40 for not appearing as a witness in a case.

In the cases against Thos. Carrick and J. F. Bain, of High Point, the defendants being charged with violating an ordinance, a special verdict of not guilty was returned. This invalidates the ordinance. The state appealed.

The grand jury made the usual report, stating that the county offices were kept in good condition, as were the county home, workshop, convict camps, jail, etc.

Today is school day, and all children from rural schools bearing tickets signed by their teachers will be admitted free. Also, all members of the Guilford County farmers' union will be admitted without charge, upon application to the secretary of their local, who has been amply supplied with tickets for all members wishing to visit the great show.

Today is the closing day of the show and every citizen of the city, who has not done so, should call and see the birds. The room, 229 South Elm, is conveniently located and shoppers will be well repaid for a visit to the show.

## FLAMES KEEP FIREMEN BUSY

### Four Alarms Sent in Yesterday Morning

Fires on Dean and Washington Streets and Three Buildings on Lee Street Almost Totally Destroyed—Prof. Foust's Residence Damaged—Firemen Do Valiant Service—Little Insurance—Approximate Loss \$6,500.

Whether Greensboro had the visitation of a fire bug, or whether some alien enemy had sworn vengeance on the city, or whether the king of the frozen north had tyrannized house wives into madness, was hard to tell. But yesterday morning when three fires occurred between 9 and 1 o'clock, the men, women and children, who, hearing one alarm following hard upon another rushed to the streets in a vain effort to follow with eyes or feet, or both, the speeding fire wagons, much speculation was rife as to the what and wherefore of it all.

There were really four fires, though one was communicated from the blaze of neighboring house. Two of them occurred in the eastern section of the city and two west.

At about 9:15 o'clock a still alarm was sent in, and while the Steamer Company was hurrying to the fire, another alarm rang from box 25, east. This was a call to the fire of a cottage belonging to John Crump, a barber of the city, and was located at 111 Dean street. The house was completely destroyed. Crump's wife, who had just left the house for a moment, was alarmed at the cry of a passer-by that her house was ablaze. She says the fire must have started from a defective flue. The total loss was \$400, there being no insurance.

Another fire was W. L. McNair's wood house at 429 East Washington street. The loss is \$20. No insurance. Had not the firemen reached this house promptly, there might have been no little damage done, as it was close to adjacent buildings, which would most likely have been destroyed.

At about 12 o'clock an alarm was sent from box 56. This fire was at 1008 W. Lee street. The firemen started promptly and made swift time, but the distance being more than a mile, they found, upon reaching the spot, that the residence of Mr. John M. Pugh was burning rapidly toward total destruction. Mrs. Pugh was away from the house at the time the blaze started, and Mr. W. B. Enoch, a neighbor, seeing the fire, hastened to ring in the alarm. The fire was soon communicated to Mr. Enoch's house, and on account of a stiff breeze and the volume of the flame, a house next to that of Mr. Enoch, and owned by Mr. J. C. Teachy, of Raleigh, was ablaze. This latter house was occupied by Mr. T. M. Woodall, who lost furniture to the value of \$50. All three of these buildings were destroyed, saving the walls and an ell of the Teachy house.

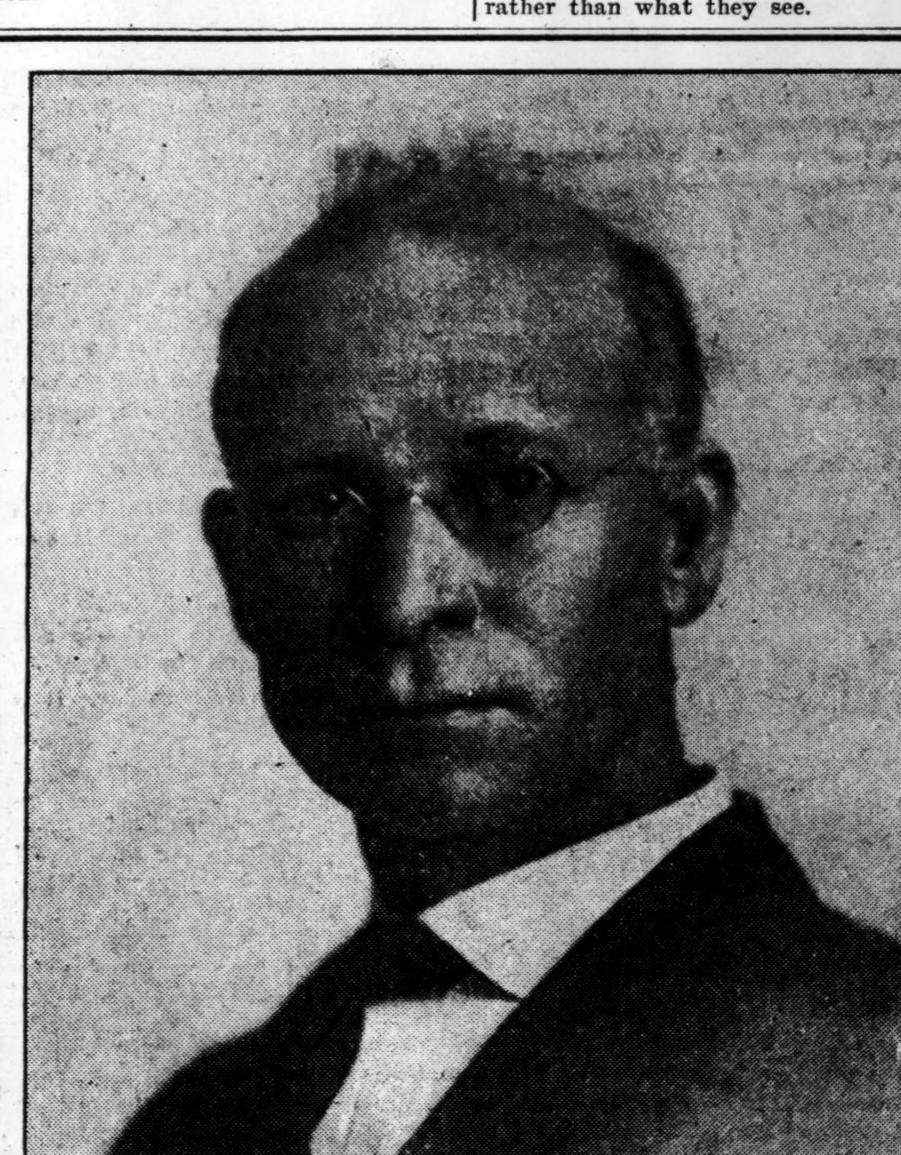

The fire originated in the Pugh residence, probably from a defective flue. There was no insurance on the Pugh property; loss, including contents, \$3,500. The value of the Enoch house was about \$4,500, with some insurance. Damage to the Teachy property was over \$500, not including loss of Mr. Woodall's furniture. Mr. Teachy also lost a quantity of furniture stored in the house.

The roof of Prof. Foust's residence caught fire, but was soon put out of danger. The loss is about \$75.

The firemen did valiant service, and the water was ample and strong at even the farthest point. The new horses which drew the engine gave evidence of excellent training, although they had been in service but a few weeks. Altogether Greensboro is to be congratulated upon her brave and efficient fire fighters; for had there been such strenuous service demanded in many cities, the loss would greatly have exceeded that of yesterday which is estimated at about \$6,500.

While the Southsides were answering the alarm on West Lee the driver in an attempt to avoid a collision with a wagon at South Elm struck a pole with the tongue of the wagon splintering the tongue and skinned the horses slightly. It is remarkable that there was no more damage.

Last night the West End Company was called to the scene to throw water on the ruins, which were still burning. The hose was laid across the car track and a street car ran over and ruined one section of the hose.

## SHADE-GROWN TOBACCO NEW ROAD TO WEALTH

Said to Pass Readily for Clear Havana  
—Company is Planning to Corner it.

Springfield, Mass., Dec. 13.—The American Sumatra Tobacco Company has planned to control the Connecticut Valley tobacco growing industry. It has secured options on several thousand acres of the best tobacco land in New England, including some best adapted for shade-grown tobacco.

The company has plantations thousands of acres in extent in Georgia and Florida. A Cohn is president of the company and Julius Lichtenstein secretary and treasurer. The New York offices are at No. 144 Water street.

Representatives of the company have options on about eight hundred acres of land in Southwick, Mass., and have been given prices but no options on land in Suffield. In Enfield, Conn., growers owning approximately 500 acres of the best land in tobacco land in the township have been approached. An offer of \$300 per share is said to have been made for the stock of the Connecticut Tobacco Corporation, the principal grower of tent tobacco in the Connecticut Valley.

The move to acquire wealth by raising shade-grown tobacco has become a veritable craze. Within a radius of twenty-five miles of this city a dozen syndicates have been organized for this express purpose. Among the newcomers of importance are E. Rosenwald & Brother, tobacco packers and importers, of No. 145 Water street, New York. This firm has an option on one hundred acres of land between Suffield and Windsor Locks, Conn., and is reported to have bought the plantation of the Krone Tobacco Company in North Bloomfield.

L. B. Haas & Co., of Hartford, Conn., are known to have options on five pieces of land in Suffield, and on two in Granby, Conn. The firm will grow one hundred acres of tobacco under shade next year.

Connecticut Valley shade-grown tobacco is said to be the equal of any cigar leaf wrapper stock in the world, passing as the best Cuban tobacco. It is estimated that at least 150,000,000 "clear Havana" cigars a year are wrapped with Connecticut shade-grown leaf tobacco.

Connecticut growers are getting as high as \$1.25 a pound for the 1910 shade grown. This, it is estimated, means a profit of at least \$1,000 an acre.

The land considered suitable for shade grown tobacco is limited to a few thousand acres, and it has practically been "cornered." The tariff of \$1.85 per pound on Sumatra tobacco, for which the New England tobacco farmers fought so strenuously, will be a valuable asset to the millionaire syndicate which is about to enter the field.

**Saved From Awful Death.**  
How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, N. C. R. F. D. No. 8. "My sister had consumption," he writes, "she was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and so completely cured her, that she has not been troubled with a cough since. It is the best medicine I ever saw or heard of." For coughs, colds, lagriplets, asthma, croup, hemorrhage—all bronchial troubles, it has no equal. 50c, \$1.00. Trial bottle free. Guaranteed by Fariss-Klutz Drug Co.

"No, I cannot marry you," she cried. "There is a stain upon you." He gazed sadly at his nicotine colored fingers. "Not if I give up cigarettes?" he asked.

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. Howard Gardner.

Nell—"Maude isn't a bit feminine, is she?" Belle—"No. I've actually seen her thank a man for a seat in a crowded car."

## IN MEMORIAM JOHN RUFUS HIATT.

John Rufus, son of Philando and Mary Hiatt was born in Guilford county, N. C., on the 9th day of January, 1858, and died on the night of December the 5th, 1910, in the Johnson-Wills Hospital, Richmond. His boyhood days were spent in his native county, and on the 10th of April, 1884, he was happily married to Miss Ella Laura Ottewell. To them were born four children, one of whom still survives, Dr. H. B. Hiatt, of Asheboro, N. C.

Mr. Hiatt lived a number of years in Fayetteville, N. C., where he was associated with the firm of Bevill & Vansbury. During the last 15 years of his life he lived in Clinton, N. C., where he built up and enjoyed a large and successful stock business. For a year or more his health had been failing and his loved ones felt the end was drawing nigh. Loving hearts, tender hands and the most skillful physicians of our land united to prolong his days with us. But not so, the end came and the Heavenly Father took from loved ones a true husband, father, brother and friend.

He was a member of the Methodist church but often said he was not as good as he would like to be, but shortly before his death he said to his wife, "that if he had to go he was ready."

He loved his home, his wife, his boy, his friends, he loved and trusted his Savioir.

The funeral was attended by a large number of friends and loved ones. The services were conducted by Revs. E. C. Glenn, Shuford Peeler, of Greensboro, and Albert Peele in the Friends church at Guilford College and interment was made in the cemetery at Guilford College.

A solo was sung by Mrs. Smith of Guilford. Two quartets, "Lead Kindly Light," and "Face to Face," were rendered by Messrs. Hamilton, Coe, Hall and Long.

The brothers of Mr. Hiatt acted as pallbearers. The honorary pallbearers were W. J. Pugh, of Clinton; Neil Vanstory, of Greensboro; Charlie Bevill, of Fayetteville; J. E. Fowler, Esq., of Clinton. Dr. Lockhart, of Asheboro; Cary Johnson, Greensboro.

The bereaved widow, brothers and sisters, desire to thank all friends for their kind assistance during his sickness and death. Mrs. Hiatt will continue to make her home at Clinton to which place she went the next day after the funeral.

**A Simple Safeguard for Mothers.**  
Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes. Howard Gardner.

### HIS CHRISTMAS PRESENT

By MARK WHITTEMORE

Copyright, 1910, by American Press Association.

Henry Trayne and his wife, Laura, had been married ten years and had not been blessed with children. Henry was thirty-eight, and Laura was thirty-two. They had reached the age where childless married people begin to try to supply the deficiency by pets. Henry Trayne, who was a professional chemist and mining engineer, was offered every inducement to go to the Pacific coast and direct the operations of a mine. Besides his salary, he was offered some stock of the company. For a long time he declined, not caring to break up his home on an uncertainty—for the mine might prove worthless—or to leave his wife while the experiment was being made, but "the wolf" was prowling about the door, and at last the couple made up their minds to bear the separation.

Henry was obliged to make a preliminary trip to a distant city where the capitalists who were to employ him lived in order to talk matters over and become posted as to his work. During this absence, which lasted a month, Laura had a taste of what she was to endure during the longer separation. When her husband returned the couple were enraptured at the reunion, being like a young couple in their honeymoon, except that the longer separation stared them in the face.

When the March winds were blowing Henry bade his wife a sorrowful adieu and went to the field of his operations. During the first month of absence Laura wrote him every day "Chimmy" (the dog), "dear boy, misses you very much. The day you left he whined and fretted and ran about pinning for his dear papa. Toddle" (the parrot) "said yesterday, 'Oh, Henry, how can I live without you?' I wonder if the dear girl got that from me."

Had the letters fallen into the hands of strangers they would have supposed the writer to be referring to beloved children. However, after a few weeks—possibly Laura was becoming more accustomed to her husband's absence and did not need to lavish so much love on Chimmy and Toddle—the letters assumed a more practical tone. Laura hoped the venture would be successful. They were getting on toward old age and nothing laid up. It would be nice if in addition to Henry's salary the shares that had been given him would become valuable. Then they would not have to worry about the future. In one of her letters she asked Henry if there were good schools in the district where the mines were located. Henry wrote back that he hadn't taken any interest in the schools, for if they made the place a permanent home, not having any children of their own, it wouldn't make any difference. To which Laura replied that she thought Toddle could be taught to read, and she wouldn't like to take her where such a thing would be impossible if desired. Henry, who had got used to being separated from his pets, thought this absurd.

Six months passed, and no immediate prospect of Henry's getting home. October came, and there was a rich strike in the mine. The success of the enterprise was secured, but still Henry could not get away. In December he left everything to go home and spend Christmas with his wife and Chimmy and Toddle.

He arrived on Christmas morning. As he ran up the steps of his house he noticed an auto standing before the door and in the hall met the family physician, who was giving some instructions to a trained nurse. Henry, in terror, begged to be informed as to the reason for their being there.

"The crisis is passed," said the doctor. "Don't worry. Nurse, go up and prepare Mrs. Trayne to meet her husband. We don't want to start her." The nurse went upstairs and in a few minutes called out that Mr. Trayne might come up. Henry was so anxious that he had not responded to Chimmy's greetings and when the dog got in his way as he was hurrying upstairs gave him a push that sent him away yelping. When the eager husband reached his wife's door he was astonished to see a placard on it bearing the words:

"Merry Christmas from Harry."

Too anxious to give way to wonder as to what it meant, he opened the door softly and entered the room. There lay Laura, with the tiniest bit of a baby on her arm, and the mother had a happy smile of welcome on her face.

"A Christmas present for you, Henry!" said Laura. The nurse, who took a position to see the husband's face at the moment of his surprise, told the doctor that "he looked as if he had had a pitcher of joy poured over him." He stood for a moment enraptured at what he saw, then took his wife and their child in one embrace.

"Now I know," he said, "why you were inquiring about the schools and were giving me that nonsense about teaching Toddle to read. But why didn't you let me know?"

"I wanted to surprise you. And when I learned that you were to come at this time I hoped my Christmas gift would be here ready for you. The doctor delivered it without wrapper or address this morning at 6 o'clock."

And so it was that Chimmy and Toddle were relegated to a very inferior position to make way for the rising son of the household. Toddle, who was bright enough to deserve a better fate, says:

"Shut up! You'll wake the baby!"

#### THE REAL TEST

Of Herpicide Is In Giving It A Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair wigs may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

As now constituted the Supreme Court of the United States is composed of six Republicans—Hughes, McKenna, Holmes, Van Devanter, Day, and Harlan; and three Democrats—White, Lurton and Lamar. It is a very good thing that in making the new appointments the other day the President did pretty well by the Democrats, otherwise the Supreme Court, politically speaking, would have been a decidedly one-sided body. The Republicans still outnumber the Democrats three to one on that great tribunal.

The "drys" of Lynchburg are going to contest the local option election of last week. There was no other course for them to pursue and at the same time manifest a desire to see the question at issue fairly settled. For the registration laws were violated in last week's election, this being charged by the drys and not denied by the wets.

There is a State law that persons desiring to be registered for an election must make out their application for registration in their own handwriting. In numbers of cases this requirement was not complied with. The election was thus clearly vitiated and we gather from our Virginia contemporaries that another election is a certainty.

Judge Simeon E. Baldwin, Governor-elect of the State of Connecticut, set a fine example of independence of thought and self-respect by refusing to attend the banquet at New Haven at which it was proposed that he and Col. Roosevelt should be jointly guests of honor. The Judge claimed that Col. Roosevelt by some of his campaign utterances wronged him grievously. Feeling that way, he could not without a sacrifice of his self-respect engage jointly with him in social amenities. For him to have done so, even if his self-respect had allowed it, would have been to produce a strained situation, which happily was averted by the wise course adopted by the Governor-elect. By attempting to do honor to these two men at one and at the same time, the New Haven Chamber of Commerce was guilty of a stupendous exhibition of bad taste.

Because Daniel Courtney, of South Dakota, forbade George Rossteuscher, a discharged farm-hand, to pay attention to his niece, Rossteuscher shot Courtney and mortally wounded him. This incident suggests the need of a propaganda the object of which shall be widely to disseminate among the young men of the world that world-old truth that there are better fish in the sea than have yet been caught. Now an affair of the heart is not a light matter and any one who has experienced even one is prepared to sympathize with young men and maidens who are in the throes. But it is not a matter of life and death, it is not an adequate occasion for shooting and slashing and drinking or administering carbolic acid. The girl for the loss of whom a young man would do murder is, it should be remembered, subject in a month or sooner to being crowded entirely out of his affections by some other girl. How shall the young man be brought to a realizing sense of the multitude and variety of fishes in the sea? We shall not say; we shall simply, for the present, content ourselves with pointing out an inviting field of altruistic endeavor.

Under the heading, "A Very Merry World," the New York Evening World, which if it is true to its name ought to speak with authority, says:

Somebody by way of pastime has been slashing overcoats in the Cayuga Club. Secretary Wilson is going to make experiments in the eating of broiled

cheese. In Chicago the followers of a new cult are rolling naked in the snow to rejuvenate themselves. In Seattle they are trying to find men to marry eighteen girls that advertised for husbands. Two New York girls have started to tramp to Tampa. Three bold men of Brooklyn are going to cross the Atlantic in a forty-foot motor boat. A Boston man has put himself into training to go to heaven in a white flannel suit without dying. Such was the news of yesterday in some of its variety. Despite the fact that life is liable to begin with infantile paralysis, catch the hookworm or exaggerated egotism on the way, and wind up with senile dementia, this is a very merry world. It keeps moving and never repeats itself.

A very merry, a very various world indeed. Nothing truer was ever spoken than the old saying, "Many men, many minds." What looks colorless and uninteresting to one man, is full of delights for another. For instance, a chicken to one man is an object devoid of interest except as an article of food, while another man finds the greatest satisfaction in raising chickens and can enumerate glibly and accurately all the strong points of this or that breed. And then, of course, there are oddities of human taste vastly more conspicuous than the one we have mentioned and it is of these that the New York paper speaks particularly. An Edward Payson Weston walking across the continent, the New York beauties planning to walk to Tampa, the perennial cross-country pedestrian tourist—what queer ideas animate them all! But variety is the spice of life. And, after all, in the exploits of the queer ones there is achievement, which always commands respect.

## INSPECTING STREETS

Members of Fayetteville Street Committee Here Looking Into Street and Road Building.

Mr. C. B. Ledbetter, chairman of the Fayetteville street committee, together with members E. A. Poe and J. M. Cole, arrived in the city yesterday afternoon to inspect Greensboro's streets and the highway which is being covered with asphalt between this city and High Point. It is their purpose to study the methods being used, the durability, cost, etc., with a view to building similar streets in the progressive town of Fayetteville.

## Novel Advertising Scheme.

The Huntley-Stockton-Hill Company had a novel sight on the street yesterday. It consisted of nothing less than a three piece Bernstein bed on wheels, with shafts, and a horse attached. The unique outfit was used as a delivery wagon, a number of articles being carried out on it. Of course, it is an advertising scheme and it attracted a full share of attention. A mattress will be placed on the bed and a man will drive it over the principal streets of the city.

## MR. STANLEY AND MISS LANDRETH WED

Holt's Chapel Methodist Church Scene of Beautiful Wedding Last Evening—Reception Followed Ceremony, This Being At Home of Bride's Parents—Bride and Groom Off on Wedding Trip North.

Holt's Chapel M. E. church, east of the city, was the scene of a beautiful wedding last evening at 7:30 o'clock when Miss Maude Buchanan Landreth became the bride of Mr. Allen Edward Stanley. The ceremony was performed by the bride's pastor, Rev. S. T. Barber, in the presence of a large gathering of friends, the impressive ring ceremony of the M. E. church being used.

The church had been decorated in green and white for the occasion, the palms, ferns and potted plants making beautiful background for the wedding scene.

Prof. George Thompson at the organ rendered a musical program while the guests were assembling and just before the bridal party entered Mrs. Ralph Sykes sang "Because." To the strains of the Bridal Chorus from Lohengrin the party entered. The ribbon bearers came slowly down the aisles. Little Marie Young and Bruce Fraley came down the right and little Mabel Young and Burke Fraley down the left aisle. Then came the ushers, Messrs. J. C. Vanstory, John P. Gilbert, F. N. Westbrook and John A. Ward. Next came the bridesmaids, Misses Annie Hyatt, and Linnie Ward, Nellie Hart and Carrie Young. The former were dressed in pink messaline and carried pink carnations. They latter wore nile green messaline and carried white carnations.

The came the maid of honor, Miss Annie Landreth, sister of the bride, wearing white satin and carrying white carnations. She was followed by the

### SAVED SELF AND DAUGHTER.

Mattoon, Ill.—"Will you allow me for the benefit of others who may be in the same condition as I was to make a statement in this paper.

"I was in very poor health, was weak, ailing, and all run-down, and had lost in weight until I only weighed ninety pounds. I had been under a physician's care, without any benefit, for so long I was discouraged.

About a year ago I decided to try a tonic called Vinol, concerning which I had heard many favorable reports. I commenced to gain, and increased in weight until I now weigh 127 pounds, am in perfect health—and never felt better in my life.

Then my daughter who lived in Martinsville, Ind., was an invalid, and no encouragement was held out for her recovery. After my experience with Vinol we went to Martinsville and bringing her to Mattoon, as she was helpless. When we got here I put her on Vinol, with the same good results from its use which I had—she gained in weight, and today she is well and strong and feels better than she ever did in her life." Mrs. O. M. Watrous. (We guarantee this letter is genuine.)

We have for years recommended Vinol as a grand tonic and body-builder, and every year we gain more and more faith in its wonderful virtues. It is certainly the best and simplest tonic restorative we know of. Fariss-Klutz Drug Co., Greensboro, N. C.

Many Greensboro People Fail to Realize the Seriousness.

Backache is so deceptive. It comes and goes—keeps you guessing.

Learn the cause—then cure it. Nine times out of ten it comes from the kidneys.

That's why Doan's Kidney Pills cure it.

Cure every kidney ill from backache to diabetes.

We present the following case as proof.

Mrs. T. L. Leslie, 1019 Liberty St., Winston-Salem, N. C., says: "I have the utmost faith in Doan's Kidney Pills and know them to be a reliable remedy for kidney trouble. I was afflicted with this complaint for some years and often the pains in my back were so severe, that I was in misery. Having heard so much about Doan's Kidney Pills, I decided to try them and procured a box. The contents of this box brought great relief and before long my condition had improved in every way. I advise anyone suffering from kidney trouble to try Doan's Kidney Pills."

### REPORT REGARDING THE NEW COUNTY

Chamber of Commerce Committee Ascertain Just What the Promoters Want To Do, and How Much of Guilford They Want—How the Present Indebtedness Is To Be Taken Care Of.

The committee appointed some time ago by the Chamber of Commerce to consult with the promoters of the new county, being agitated by High Point citizens, and ascertain just how much of Guilford the proposed county would embrace and how the present indebtedness of the county would be taken care of, has completed its work and yesterday, through Chairman C. D. Benbow, submitted the report.

The information gathered is for the benefit of the citizens of Greensboro, in order that they may more clearly understand the proposition. The report will also be considered by the Chamber of Commerce, but it was prepared principally for the citizens. The report follows:

To the Hon. E. J. Justice, President, Chamber of Commerce, Greensboro, N. C.

Dear Sir:—Your committee appointed for the purpose of ascertaining from the promoters of the proposed new county just what their proposition is, how much territory they propose to take and upon what basis they expect to care for the present indebtedness of the county, took steps immediately to get in touch with the chairman of the citizens' meeting held in High Point at a recent date, and by appointment held a meeting on Monday night, the 12th, to receive the committee from the High Point meeting, which was composed of the chairman of the said meeting together with a number of prominent citizens of High Point, at which meeting the questions above outlined were discussed.

Your committee was informed that the territory to be taken from Guilford county to form a portion of the proposed new county to be as follows:

Starting at the county line on the western edge of the Deep River Township at a point about three miles north of the southern boundary of Deep River Township and running directly east to the Friendship Township line just north of the Sandy Ridge postoffice, and reaching the Friendship Township line about at the home of Mr. S. Stafford just where the east branch of Deep River Township and Friendship Township running thence south with Deep River as the boundary line through Jamestown Township, and a very small corner of Sumner to the county line between Guilford county and Randolph. This would include about one-third of Deep River Township, a very small portion of the southwest corner of Friendship Township, about one-third of Jamestown Township, and the whole of High Point Township, taking thereby about 10 miles north and south and an average of about five miles east and west, making a total of about 50 square miles of Guilford county's area. This line would run between old Jamestown, leaving that town in the new county, and leaving new Jamestown, as at present in Guilford county. This you will notice is a much less boundary than was at first discussed by the promoters of the proposed county. This embraces the first part of our instructions, and as to the second portion which is, as to what they propose to do in regard to our present indebtedness, your committee was informed that the promoters propose to follow the methods adopted by the formation of the new county Lee granted at recent session of the Legislature; that is that they will incorporate in their bill authorizing the new county, instructions to the Legislature to appoint a commission consisting of two freeholders from the new county, and two freeholders on the part of each of the counties affected by giving up the new territory who shall act as arbitrators, whose duty it shall be to ascertain the outstanding indebtedness of the old counties on a certain date, and upon the tax valuation of the said counties, and also of the new county and shall determine the amount proportional to each county of said indebtedness based upon the tax valuation at the time such indebtedness was contracted, and said arbitrators shall determine the proportionate part of the funds on hand at the date above mentioned, or the funds due the said counties on that date.

Your committee therefore reports the above as facts, and beg leave to remain,

Respectfully,

C. D. BENBOW, Chairman.

Have you boils, sores and indications of bad blood? There is danger of diphtheria. Vick's Sarsaparilla will relieve this condition promptly—50c.

## Instant Relief for Sore Feet

Foot, Tender Feet and Swollen  
Feet Cured Every Time. TIZ Makes  
Sore Feet Well No Matter  
What Ails Them.

Policemen all over the world use TIZ. Policemen stand on their feet all day and know what sore, tender, sweaty, swollen feet really mean. They use TIZ because TIZ cures their feet right up. It keeps feet in perfect condition. Read what this policeman has to say: "I was surprised and delighted with TIZ for tender feet... I hardly know how to thank you enough for it... It's superior to powders or plasters... I can keep my feet in perfect condition... Believe in my earnest gratitude for TIZ. I am a policeman and keep on my feet all day." —Emzy Harrell, Austin, Texas.

You never tried anything like TIZ before for your feet. It is different from anything ever before sold.

TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous excretions which bring on soreness of the feet, and is the only remedy that does. TIZ steams out every pore and glorifies the feet—your feet.

You'll never limp again or draw up your face in pain and you'll forget about your corns, bunions and callouses. You'll feel like a new person.

TIZ is for sale at all druggists at 25¢ per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Dodge Building, Chicago, Ill.

## BRAVEST FIREMAN RETIRED

"Capt. Jim" McCormick Will Get \$2,500  
a Year for Life.

New York Herald.

"The bravest fireman that ever donned a helmet" received the reward of his conspicuous bravery of 22 years ago yesterday, and was retired on full pay. That was the term applied by Commissioner Waldo, when he grasped Capt. James J. McCormick by the hand and told him he might retire from active duty and receive \$2,500 a year for the remainder of his life.

"Capt. Jim," as he is known to everybody in the fire department, had seen 30 years of service. For 22 years he has borne the disfiguring scars received when he sacrificed himself to save the lives of the men of Engine Company No. 11 in a great Brooklyn fire. Saturday he appeared before Commissioner Waldo and asked to be retired.

"I've got to submit to an operation," he said. "I'm afraid I'll never pull through, but there's a slender chance, and I'm going to take it."

"No man in the department has a record for bravery that equals yours," said the commissioner, "and a fitting reward would be to retire you on full pay, which I now do."

It was in 1888 that Engine Company No. 11, in charge of Capt. McCormick, was summoned to fight a blaze in the Pratt Oil Works in Brooklyn. Although by the time they arrived the building was a raging furnace, Capt. McCormick and his men forced their way in and began a battle against hopeless odds. They were retreating slowly when a series of explosions shook the building and the firemen were surrounded with flame.

The fire fighters lost their presence of mind and began groping in all directions. Capt. McCormick seized the nearest man and threw him to the floor.

"Now all of you lie down flat," he ordered, "and keep crawling toward the door."

He soon calmed the men, who, crouching down under the flames that were darting from above, were soon crawling single file toward the open. Capt. McCormick, taking no thought for himself, seized the nozzle of a hose and played a stream of water over the retreating figures until all had reached the door. Then he threw the hose aside and made a dash for the open. He had to pass literally through a wall of fire. He staggered into the street with his clothing afire in a dozen places, his hair singed, and terrible burns all over his body, and fell unconscious. Both of his eyelids were so badly burned that he

has never been able to close his eyes since.

For nearly a year Capt. McCormick lay in a hospital, and when he was discharged he was a wreck of the big fire fighter. His face was so scarred and burned that many of his friends failed to recognize him, his left arm was shriveled to half its former size, and both arms were useless. He reported back for duty in 1898 and was assigned to an easy detail in the office of the fire marshal, where he has served ever since.

"Captain Jim" lives with his wife and five children at 1084 Macon street, Brooklyn.

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." Howard Gardner.

"Virtue is its own reward," quoted the Wise Guy. "I suppose that accounts for the fact that so many people are good for nothing," snickered the Simple Mug.

### Take Care!

Remember that when your kidneys are affected your life is in danger. M. May, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley's Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Howard Gardner.

Many a man says he is hard on shoes when the fact of the matter is his shoes have tricked him. If your shoes go to pieces unreasonably soon it's the fault of the maker. To meet competition he has skimped and scalped and substituted inferior for honest materials till there's nothing left but looks.

### One May Overcome

constipation permanently by proper personal co-operation with the beneficial effects of Syrup of Figs and Elixir of Senna, when required. The forming of regular habits is most important and while endeavoring to form them the assistance of Syrup of Figs and Elixir of Senna is most valuable, as it is the only laxative which acts without disturbing the natural functions and without debilitating and it is the one laxative which leaves the internal organs in a naturally healthy condition, thereby really aiding one in that way. To get its beneficial effects, buy the genuine manufactured by the California Fig Syrup Co. only, and for sale by all leading druggists. Syrup of Figs and Elixir of Senna is never classed by the well-informed with medicines which make extravagant and unfounded claims to cure habitual constipation without personal co-operation.

Life wouldn't be so uncertain if it wasn't for its sure things.

MISCELLANEOUS SHOWER.

Misses Martin Entertain In Honor of Miss Cordye Weatherly.

On Wednesday afternoon from 3:30 to 5:30 Misses Agnes and Eva Martin entertained at their home on North Menard Hall at a "miscellaneous silk shower," complimentary to Miss Cordye Weatherly, who is to be married to Mr. Tom Tate, of West Virginia, Dec. 27.

The parlor, library, music room and dining room were beautifully decorated in evergreens and red bells—the Christmas colors, red and green, being carried out.

During the evening progressive games were played—the players progressing from tiddly-winks, jack-straws, snap and hearts to nations. Miss Isla Stratford scored highest and was presented the prize, a beautiful leather bound book on "Love," with best wishes that she would progress in "love" as she had progressed in games. Little William Silver entered with an immense package strapped to a tiny wheel-barrow and called out "Where's the bride?" saying the package was for her, but before she could get it she must kiss him. When the package was opened numerous silk articles displayed both useful and ornamental were displayed. Each guest except the honoree was asked to draw a number and when refreshments were served, on each plate was found a tiny suit-case or satin heart to which was attached a red heart-shaped card bearing the number drawn, and a ludicrous verse "Why I never got married." Much amusement was afforded when each gave her first class reason for not being a bride. A delicious salad course was served.

Those invited were Misses Elizabeth Harry, Mal Shober, Isla Stratford, Ada Robeson, Mary McAdoo, Margaret Wharton, Gertrude Frazier, Fan Williamson, Rochie Michaux, Eloise Dick, Marjorie Long, Alma Hendley, Mabel Lea, Annie Lea, Douglas Hendrix, Alice Callum, Marion Lea, Mary Callum, Myrtle Haun, Mary Yates, Mary Fry, Mary Blackburn, Chase Boren and Misses Webster, Hendley, Martin and Holcomb, of G. F. College.

### IT IS ALL RIGHT

to ask a friend to do you a favor when it is impossible to secure the favor in any other way. But why ask a friend to go on your bond as surely when the Greensboro Loan & Trust Company can give better security than an individual at no extra cost for its faithful discharge of its duty as a trustee or executor or administrator. Why should you sign bond by which your heirs, executors, administrators and assigns are held and firmly bound? to pay for the default of others; perhaps after your death, every dollar of your estate? Tell your friend not to burden you with such a grave responsibility. Let the Greensboro Loan & Trust Company become responsible.
